Synchronise

Synchronise is an online time and attendance system that provides easy and intuitive time capturing methods and allows easy work flow approval of accurate information.

Synchronise is a web based Time & Attendance system, offering you alternative ways to capture employee hours.

Synchronise provides a sophisticated Work Rules engine that interprets time captured into Awards or EBAs. With seamless integration into our payroll service, Synchronise makes employee payments a breeze.

Benefits:

- Reduced manual data entry of hours, leading to higher levels of accuracy
- Access timesheets online, anywhere and anytime
- Flexibility to configure timesheets
- Allows allocation of hours to department, cost centre or project

- Intuitive approval of timesheets, configured to your organisations workflow
- Reminders and notifications to keep you informed of each step
- Sophisticated Work Rules engine eliminates the manual interpretation of awards
- Seamless integration with **Aussiepay** payroll to make employee payment easy

Typical inclusions:

- Timesheets for employees
- Workflow for approvals
- Timesheet to payroll integration
- Work Rules engine for interpretation
